Congratulations to Samara Tauti, Maria Mocaraka, Nikris Rewiri, Cecelia Humm, Damian Shepherd and Tane Shepherd for winning prizes from Hokianga Health after completing a recent survey.

### Ruma Tupu:

Tupu Tuakana are working at problem solving for maths. A key part of this is learning how to work together in groups and communicate their understandings. This is very challenging for some students but they are trying hard. They are also starting to think more deeply about what they are doing with some students really pushing themselves to extend their learning.

## Puawai:

Welcome to week 6. Over the past couple of weeks we have been looking into Digital Breakouts and Coding. The students have worked collaboratively in both areas. Digital Breakouts are a virtual activity where clues need to be solved in order to unlock a range of locks to get into the locked box. The students are competitive as they try to complete the task in the quickest time. Coding is where the students are using computational thinking and programming, we are using a programme called Scratch as a beginning to Coding.

## Sports News:

Thank you to all the parents, grandparents, aunts, uncles, siblings, and cousins that came in to help us with the Annual South Hokianga Cross Country, we really appreciate the help we received from you all. To all the students that came to school on the day and ran their hearts out Well done!! To those students that qualified to go on to Ohaeawai "Congratulations".
